

# VALUE ADDED

## FINANCIAL SAVINGS

Reduced material costs received through bulk purchasing

Lower labor rates & reduced hours

## SHORTER CONSTRUCTION TIME

Better upfront planning

Greater labor efficiency

Eliminated onsite weather factors

## SAFETY

Decreased accidents & liability due to strict repetitive processes & temperature controlled-environment

Reduced site disruption - less manpower onsite, less truck traffic, equipment & material onsite limiting distractions & interference

## CONSISTENT QUALITY

Controlled Manufacturing Environment

Sub-assemblies built to a uniform quality

## DUCT BANKS

EMT, PVC & RIDGID CONDUIT BENDING

UNDERGROUND & IN-SLAB RACEWAYS

DISTRIBUTION ARRANGEMENTS

CONDUIT/CABLE TRAY TRAPEZE

CABLE TRAY

SURFACE MOUNT RACEWAYS

TEMPORARY POWER

GROUND BUS ASSEMBLIES

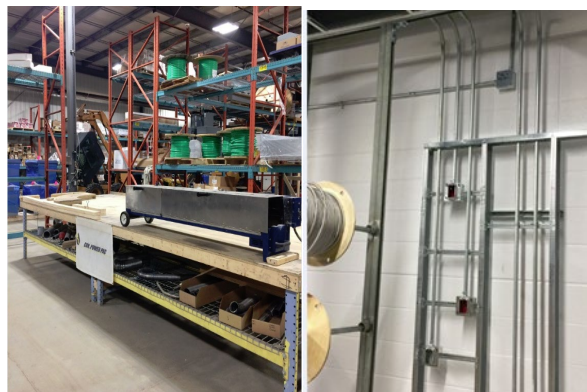

ROUGH-IN ASSEMBLIES

LIGHT FIXTURE WHIPS

CONTROL ASSEMBLIES

SURFACE MOUNT ASSEMBLIES
